EXCAVATION BEGUN ON NEW SCHOOL BLDG.

Contract Calls for the Expenditure of About \$25,000 On New Structure.

BID WAS LET TO LOCAL FIRM EARLY LAST MONTH

Excavation in preparation for the building of the new school house for the grades in Whitesburg was begun this week. One hundred twenty working days are allowed for completion of this job.

The contract was let to T. S. Shepherd and company, local contractors, early in March. This was the building alone. The heating and plumbing work is to be done by the Whitesburg Plumbing company.

The building will call for the expenditure of at least \$25,000 and will have six class rooms, basement and large auditorium. The architect's plans show it to be a modern, attractive school structure.

DEMONSTRATOR AT
M. E. FRENCH STORE

Mrs. M. D. Lovejoy of Knoxville, Tenn., demonstrated the Lovejoy cosmetics at the M. E. French store Tuesday, Wednesday and Thursday of this week. These articles are made from French formulas by the Lovejoy people. The French store will carry them in stock.

SUBSCRIPTIONS

PAID THIS WEEK

The following subscriptions have been paid this week: S. A. Morey, Kona; Fess Whitaker, Whitesburg; D. F. Maggard, Eolia; R. H. Holbrook, Atlanta; J. C. Richardson, Pinetop; John Jones, Roxana, and L. R. Hale, Whitesburg.

NEW DRUGGIST

AT FITZPATRICK'S

Keith Crune, of Bardstown, Ky., has accepted a position as druggist at the Fitzpatrick drug store. Mr. Crune is a graduate of the University of Louisville school of pharmacy, and comes well recommended to take up his new duties. He is a young man and unmarried.

HIGH SCHOOL STUDENTS

ENJOYING VACATION

High school students of Whitesburg are enjoying a vacation today and tomorrow, owing to the fact that the Kentucky Educational Association is in session in Louisville and some of the teachers want to attend. The grades were not dismissed.

Straw hats are beginning to appear in their appearance.

Improvements On Ideal Building

The Ideal Furniture company has been busy this week painting and re-decorating the store building. The wood work outside and the walls inside have been repainted in colors pleasing to the eye.

Mr. Lykins, the manager, says that he will have potted flowers for his customers during the spring and early summer months.

Club Installs Gun Trap—All Set For Shoot

The Letcher Fish, Game and Gun Club has installed the trap for clay pigeon shooting in the baseball park, and the first shoot will be held Saturday afternoon.

Shooting clay pigeons is considered a great sport wherever it is indulged in, and the local shooters will doubtless become ardent fans. Shooting is open to all members of the club. Later, contests will be held with the Hazard club, which has already challenged the local boys.

The regular meeting of the club will be held at the clubhouse in Letcher State Bank building tonight.

PULP AND PAPER

The pulp and paper industry ranks next to lumber as a forest industry. It employs 150,000 persons, and its output is valued at \$800,000,000 annually.

In 1925 the United States produced more than 3,900,000 tons of paper pulp requiring 6,000,000 cords of pulp-wood. More than nine-tenths of all our paper comes from wood pulp. As paper has become one of the indispensable commodities of civilization, it has created a new dependence on the forests.

Preliminary figures issued by the Bureau of the Census show an increase in the use of southern yellow pine for pulpwood from 427,961 cords in 1924 to 531,167 cords in 1925. This increase, approximately 24 percent, is concrete evidence of the growth in the South of the pulp and paper industry, one of the many industries dependent on a continued local supply of timber.

SCRAPING ROAD

County road commissioner Geo. M. Adams is busy on the road leading toward Sandlick Gap this week. Recent rains have left the road in bad condition, and he is opening the ditches and grading again.

WOMAN PILOTS

OHIO RIVER FOAT

Mrs. Mary Becker Greene of Cincinnati has just won a place in the American Magazine's "Hall of Fame" through her achievement as a steamboat captain on the Ohio river for the past 29 years.

In the May issue of the magazine is told the story of how she came to take up river navigation and earn official recognition as a pilot at every river port from Marietta to St. Louis. She is the only woman to hold a master's certificate on the entire river system.

Evangelist Paul Montgomery Holds Revival at First Baptist Church

Improvements In Collins-Harvie Addition To City

Work has been going forward for several days on the installation of a sewerage system in the Collins-Harvie addition to the city of Whitesburg. This work is being carried on by L. E. Harvie and Sam Collier, and is a valuable contribution to the progress of the city.

Raiders Work On Cumberland

Last Thursday A. V. Sargent, J. D. Blair, N. B. Hall and Demmer Richmond raided on the head of Cumberland. Two outfits and one still were captured. The still at one place had been removed. Fifteen hundred gallons of beer were destroyed, and Joe Mullins was arrested on the charge of operating the still captured.

JUDGE KIRK REPRESENTS LETCHER AT ROAD MEET

Judge A. J. Kirk of Jenkins was the Letcher representative at the meeting of the State Highway Commission at Frankfort last week.

No expansion of road work in the county was promised at present by the commission. The reason given for this was that the hard-surfacing of the road from Seco to Pound Gap would take about eight thousand dollars more than the first estimate, and the commission could not afford to spend more in this county at present.

MEETINGS SCHEDULED TO CONTINUE TILL MAY 1

Has Had Wide Experience and Great Success in Work in Eastern Kentucky.

The revival meeting at the First Baptist church of this city began Sunday and will continue until May 1. Two services, at 2:30 and 7 o'clock p. m. will be held daily. Evangelist Paul Montgomery, of Lexington, is assisting Rev. I. E. Enlow in the meeting.

Mr. Montgomery has had wide experience in evangelistic work in the mountains of Eastern Kentucky. One of his first meetings was held in a neighboring county, and here he met with great success. Since that time he has returned frequently to labor with this people he loves.

Public Invited

In addition to work in the mountains, Mr. Montgomery has preached in many of the towns and cities of other parts of the state and other states. He has just finished a revival in Lexington, and before that, one in Covington.

The evangelist is a man of unusual speaking ability, but his real power comes from the impression he gives his hearers that he is honest, and sincerely interested in the welfare of humanity, of people with whom he comes in contact daily. His messages are clear, to the point and they "ring true."

The public is cordially invited to attend these services.

Presbyterians Have Impressive Easter Services Sunday Eve.

A beautiful and impressive Easter Service was held at the Presbyterian church last Sunday evening. The worship opened with music at the piano. The choir marched slowly down the aisles and was seated. After special song service, Scriptural reading and prayer, a pageant was given, entitled, "The Triumph of Love."

The theme of the play was builded around the question, "What is Life?" Six heralds and Greed, Service, Death, Hope and Faith try to answer the question; but it remained for Love to give the true answer.

The house was simply and tastefully decorated for the occasion. It was filled to seating capacity.

ATTENDANCE AT BAPTIST REVIVAL URGED BY METHODIST MINISTER

No peaching services will be held at the Methodist church in Whitesburg next Sunday. The pastor will be at the Baptist church, where a revival meeting is being held.

We will have no mid-week prayer service during the period in which the revival at the Baptist church is in progress. We urge our people to attend these meetings and to lend every assistance in the work of advancing the cause of Christ in our city. E. M. Fossett, Pastor.

Fifth Annual Camp Branch Decoration

The fifth annual Camp Branch decoration will be held at the Chapel graveyard Sunday, May 29. The program is as follows: 9:30 a. m., singing by Neon choir. 10:30, introductory sermon by Brother Phipps. Alternate, R. E. Joyner.

At 11:45 the congregation will march to the graves. Song by the choir, then prayer, after which the graves will be decorated by the congregation. Adjournment for dinner. 1:30 p. m. singing by choir. 2:30 p. m. sermon by selection.

Everybody is invited to this decoration. Bring well filled baskets and let's all have a joyful time together.

OUTDOOR GOOD MANNERS

It is too bad that the visitor to the forest does not more often carry with him the good manners and consideration for others that he practices at his home. He should know that it is unpardonable to throw down a lighted match or cigarette in the forest, just as well as he knows he must not throw tins and old clothing into the street at home. He should learn how to behave in the forest just as he learns it for the drawing room. The smoker would not throw his match or cigarette stub or empty his pipe on his host's rug or table cover, but without giving it a thought the same smoker tosses a burning match or ashes on the floor of his host, the forest, where it threatens property worth millions and even human lives.

WORK ON MAIN STREET BUILDING UNDER WAY

The large brick building which Bentley and Brown are constructing on Main street next to the Day Hotel is well under way again. Work was held up for several days, owing to lack of material on hands. The first floor of the building, when completed, will house J. L. Bentley's grocery.

POSTOFFICE EXAMINATION AT JENKINS

At the request of the Postmaster General, the U. S. Civil Service Commission announces an open competitive examination to fill the position of Postmaster at Fleming, Ky. Receipt of applications to close May 4, 1927. The date for the assembling of competitors will be announced after the close of receipt of applications. This examination will be held at the post office at Jenkins, Ky.

Eastern Stars Weave Pretty Romance For Annie Laurie and Robin Adair Friday Evening

The power of love to overcome all obstacles was proved definitely Friday evening at the city school auditorium, when the Eastern Stars, under direction of Miss Grace Harris, presented the romance of Annie Laurie and Robin Adair.

This love story was under the disguise of "The Kitchen Cabinet Orchestra," but that did not hide its charms. It was told in song and played on the kitchen cabinet.

BUILDS HOME

Felix G. Fields is erecting a nice brick home on Hay's avenue. The excavation work was begun several weeks ago. Red brick will be used in the construction.

D. M. Bruce, of Tacoma, Va., and L. W. Fields, of Lexington, are in Whitesburg on business.

Two things stand out as puzzles to the critic: How the players made such good music on the rolling pin, egg-beater, etc.; and how Harry L. Moore was able to disguise so completely and play the part of a woman.

The program was spicy throughout, and, in addition to its songs, furnished the large crowd gathered with plenty of laughs.

THE CANDIDATE WE NEED
 Political horses are being groomed for the gubernatorial race, and it might be well to consider what this section needs in its candidate.

It needs, first of all, a man who will not meddle with the coal industry. Mineral is the life of this section, and, although we may not be getting the most possible out of it, we are doing better than if politicians became middlemen.

A man from Blackey recently hit the nail on the head when he said that "our" candidate must be willing to give this valley representation on the State Highway Commission. Our roads are being constructed, and we want this work to continue.

Other things to consider are school problems, conservation of wild life, and favoritism.

When a man goes to the polls in the coming primary, whether he be Democrat or Republican, he should consider his candidate from these and other points of view that make for the development of this valley.

TAG 'EM, BOYS!
 There's a state law on our statute books which says something to the effect that every dog owner shall buy a beautiful little necklace for each dog he keeps. Ladies in dogdom, as elsewhere, get preference; therefore, their jewelry costs more than that for gentlemen dogs. But it all amounts to this: No dog is to be slighted. Each one must have his ornament.

Now it so happens that a lot of us fellows feel that our dogs were made for something else than wearing jewelry around the neck especially if we have to pay the state for this dressing up, but the question is, do we have any say-so? Not at present. A law's a law, for a' that, and should be obeyed until it is repealed.

A few fellows down in Warren county this year decided, just as in Letcher, that the law was unjust and unfair, and furthermore, that they would disregard

it. One thousand four hundred of these same Warren county dogs consequently found themselves infected by the reckless Grand Jury. Other Grand Jurors in other counties are doing likewise—our worse. Nevertheless, it's happening; and it looks from here as if the safest thing to do would be to tag 'em, boys—and when you get ready to vote for a representative and senator this year, find out how he stands on this dog necktie proposition.

There are about 1750 dogs listed in Letcher this year and 220 tags bought. Sheriff Reynolds is publishing a statement about the business, which pretty nearly explains his position in the matter. In other words, he does not have any say-so. The law is there, and he is being called upon to enforce it.

APPRECIATION

An old negro preacher was discussing upon the fact that the Lord always sent men, not women, when He wanted work done. "Now take dat time when de Hebrew chillun was sent—" "But, Mistah Jones, how does you know dat de Hebrew chillun was men?" another brother demanded. "Now, ain't dat jes' lak you ignorant nig-gars," the old preacher hooted. "Seem lak some folks don't take no notice to what dey sees, nowhen. If de Lawd had meant women, He'd called dem She-brew chillun, 'stid o' He-brew chillun."

The old colored preacher was largely right, even if he did select a bad example for proof. Many of us are likely to fail to see what is plainest.

Spring is here, and the hills are daily becoming more beautiful in their new garb of green and the multiform variations of blossom colors; but if we do not watch, if we do not open our eyes to this beauty, it will slip away from us. Like love, this first faint flush of color is so transitory.

The dogwoods are white on the hillside, the redbuds are adding their splash of purple, pink, violets, famed for their modesty, are blooming in profusion, and many other kinds of blossoms are pushing above the brown winter-carry of leaves.

The rhythmic strumming of the woodpecker on the dead limb has a different meaning, now that spring is here, from what it did last summer when the days were hot and sun-baked

danced before your eyes. Then he was merely idling the time away, making music for his own gratification; now, he is singing the love song. It is his mate call, his method of attracting a sweetheart. Soon he will be building a home in this hole that he will hollow out of the dead trunk.

The hills and the valleys, the fields and the streams are teeming with life—not always beautiful, for nature is frequently ruthless, but eternally interesting—for those who, like the old negro, "see."

STUART ROBINSON NEWS

In the absence of a pastor the men of the church are still taking charge of the Sunday morning services. Mr. A. H. Spencer, principal of the Blackey public school filled the pulpit Sunday, April 17.

Donald Fullerton of Plainfield, N. J., is conducting our chapel services each morning at Stuart Robinson and giving us wonderful gospel messages.

E. P. Vandiver, president of the Fourth district of C. E., visited us April 13.

Miss McCord and Miss Pease, of the Wooten Community Center, visited Stuart Robinson last week.

Dennis Candill, class of '26, and Arch Candill, '27, of Stuart Robinson, are home from Central College on their Easter vacation.

Dr. B. C. Bach, of Whitesburg, called at Stuart Robinson last week.

Mrs. T. J. Wilson of Marion, has returned from a week's visit in Louisville.

The Senior class play, "My Little Irish Rose," will be given in the school auditorium, Friday evening April 29 at 7 o'clock.

Work on the new buildings is going on rapidly. One of these buildings consists of light, airy, comfortable rooms for the four primary grades on the first floor, with very comfortable, attractive apartments for teachers on the second floor.

HEMPHILL NEWS

The school is nearing the close. There are only two weeks more. The teachers, Beryl E. Doggs, Misses Nannie Craft and Thelma Clark, are grateful to the patrons of the entire district for their interest and co-operation which adds to the success of the school.

The school will give a play entitled, "The Little Clodhopper," Monday night, April 25. The school was victorious in an old-time spelling bee in which

the pupils were arrayed against the patrons of the district. Beryl Amburgey moved to be an ally. He and Rev. Tomlin interested congregation.

Arland Blanton returned from a several days business trip to Virginia and is now the important factor in A. C. Craft's store.

Burdine Webb was down the L. & W. Wednesday as far as Hazard, working most of the Carrs Fork route. When it comes to pioneering in fruits and vegetables he is "Johnny on the spot."

Mr. Nickell and his excellent family left Sergeant a few days ago, going to First Creek. They will live at Blue Diamond.

It has been several days since wedding bells rang in Sergeant. Madeline Rumor has it another wedding will soon culminate.

SHERIFF'S SALE

By virtue of order of sale directed to me which issued from the clerk's office of the Letcher Circuit Court in favor of J. M. Webb vs. Ida Johnson and W. R. Queener, I, one of my deputies, will on Monday, the 9 day of May 1927 between the hours of 10 a.m. and 1 p.m. at Jenkins Nesh Garage, Jenkins, Ky.

expose to public sale to highest and best bidder the following property, or so much thereof as may be necessary to satisfy the amount of plaintiff's debt, interest and costs, to-wit: One Ford touring car 1926 model.

Levied upon as the property of Ida Johnson and W. R. Queener. Terms—Sale will be made on a credit of 3 months, bond with approved security required bearing interest at the rate of 6 per cent per annum from date of sale, and having the force and effect of a sale bond.

SERGEANT

Sergeant moves along nicely, with work every day.

Within the past few days Sergeant has lost one of her best citizenship, Giles Smith, who has been one of us for several years, for the most part the genial, accommodating, efficient bookkeeper for the Imperial Elkhorn goes to his former home, Langsville, Ohio. The people of Sergeant lose heavily in the loss of the Smith family, while the church and the Sunday school will miss them much. Mr. Smith was a patient, zealous worker, a teacher in one of the classes, and was really if ever missing from his place.

John Rockwell, mine foreman for years, and his excellent family, left this week for Blue Diamond, where Mr. Rockwell accepts similar employment for the Blue Diamond Coal Co. Mr. Rockwell was highly respected.

The men in his charge all regretted to see him leave. The Sergeant Sunday school will miss the untiring help of Miss Mary. Owen Babb, electrician for the Imperial Elkhorn, will leave Sergeant with his family within the next few days for Bonny Blue, Va., where he will be employed in the Virginia mines of the Blue Diamond Coal company.

Doc Childers comes as mine foreman, taking the place of Mr. Rockwell. We welcome him. Arthur Day, still patient, lies in bed, helpless, at all times praying that God in His mercies will heal him. Almost two years ago Arthur suffered a broken back and spine in a mine accident at Sergeant. He still looks upon the bright side of life, however.

The old church house at Fairview, long a landmark in bustling, busy Sergeant, was razed a few days ago. Its classic walls housed old Fairview Seminary long, long years ago, and its important work still lives.

Rev. L. E. Enlow and M. D. Lewis were guests of friends in Sergeant a few days ago.

Rev. Fossett's services here are doing great good. May he continue to come and bring his pleasant smile and important Bible truths.

Edna Webb, seriously sick several days last week, and under the care of Doctors Ratcliffe and Pigman, is now much improved.

Sam Webb suffered quite serious injuries in an accident at La Viers a few days ago.

Edison makes regular trips to Ulvah, every Sunday evening. Mr. and Mrs. N. M. Webb, of Ulvah, visited Ben P. Webb and family.

Rev. Chas. Haynes is organiz-

ing a Sunday school at Middle-land preached there Sunday to an Colly. He and Rev. Tomlin interested congregation.

Arland Blanton returned from a several days business trip to Virginia and is now the important factor in A. C. Craft's store.

Burdine Webb was down the L. & W. Wednesday as far as Hazard, working most of the Carrs Fork route. When it comes to pioneering in fruits and vegetables he is "Johnny on the spot."

NOTICE TO DOG OWNERS

You will take notice that the law provides that you shall tag your dogs after January 1, each year, and that it is incumbent on the Sheriff and his Deputies to see that this law is enforced.

I am not responsible for the passage of this law, nor am I called upon to decide as to its merits; but under my oath, all laws look alike, just as long as they exist and are on our statute books. I want to ask that all persons who own dogs, as well as all officers whose duty it is to help enforce this law, make a "Special Effort" within the next 30 days to tag, and have tagged, all dogs owned by persons in this county, and upon failure or neglect to do this, I know of no other way than to report the names of persons so neglecting to the grand jury at the next May term of the Letcher Circuit Court.

Spring Cleaning Proves the Amazing Helpfulness of the MAYTAG

MORE than ever—at housecleaning time—you'll appreciate the helpfulness of the Maytag Aluminum Washer.

You'll appreciate the roominess of the seamless, one-piece cast-aluminum tub that holds more clothes than ordinary washers. You'll appreciate the speed and thoroughness with which the Maytag washes rugs, blankets, draperies, curtains, etc. It makes them clean as new in a surprisingly short time because the Maytag does an average washing in an hour.

The Maytag washes so thoroughly that no hand-rubbing is necessary even on the stubborn edge dirt of collars, cuffs and wristbands.

For home use without electricity, the Maytag works with built-in gasoline motor.

Phone for a Maytag! Let it prove to you how necessary it is at housecleaning time—at any time—when you want your washing done quicker, cleaner and easier than ever before. Remember, if the Maytag doesn't sell itself, don't keep it.

Deferred Payments You'll Never Miss

Maytag Aluminum Washer

Wooters Maytag Co., Hazard, Ky. Arthur Dixon, Whitesburg Representative

Maytag dealers everywhere follow the standardized rule of sending a Maytag to a home to do a week's washing free, and without obligation of any kind. This is the way all Maytag Gyroform Washers are sold. (110-26-27)

5000 miles in 4909 minutes!

Studebaker Commander maintains mile-a-minute speed for 81 hours, 49 minutes

{ 5 amazing records for speed and endurance established by Big Six }

NEVER before has any automobile in America traversed 5,000 miles in less than 5,000 consecutive minutes.

A stock Studebaker did it—The Commander, a closed car fully equipped, including even spare tire.

In official tests under the sanction and observation of the American Automobile Association this stock Studebaker, identical with the car you can buy in any Studebaker sales room, not only established the amazing new record of 5,000 miles in 4,909 minutes total elapsed time, but also set four other records.

2500 miles in 40 hours, 12 minutes, 54 seconds total elapsed time. An average speed of 62.16 miles per hour.

3102 1/2 miles in 50 hours total elapsed time. An average speed of 62.05 miles per hour.

3500 miles in 56 hours, 47 minutes, 32 1/2 seconds total elapsed time. An average speed of 61.62 miles per hour.

4,414 miles in 72 hours total elapsed time. An average speed of 61.12 miles per hour.

5,000 miles in 81 hours, 48 minutes, 22 seconds total elapsed time. An average speed of 61.12 miles per hour.

No automobile has ever travelled so far so fast. No stock closed car has ever approached this record.

QUESTIONS AND ANSWERS

On This Great Victory Over Time and Distance When and where did the test start?

April 1st, 1927 at 3:15 P. M. at the Culver City, California mile-and-a-quarter track.

When were 5,000 measured miles completed?

April 15th, 1927, at 2:03 A. M.—4909 minutes after the test started. Since this total elapsed time included time for stopping for fuel, relief of drivers, etc., it is obvious that the car attained a speed far greater than a mile a minute.

Who drove The Commander?

Harry Hartz, champion American race driver, started, finished and was driving at the time each record was established. He was relieved by Eddie Hearn, also one of America's great speed kings, Louis Wilson, another race driver, and Ab Jenkins, Salt Lake City contractor who smashed all previous transcontinental records last June when he drove a Studebaker Sheriff from New York to San Francisco in 86 hours, 30 minutes.

Under what auspices were these amazing records of The Commander made?

The American Automobile Association, which had official observers on the spot throughout.

Here is what these records mean to you:

1 It is possible to purchase a truly great automobile at a moderate price. These records prove that The Commander has truly been called "the greatest post-war achievement of automotive engineering."

2 The Commander, because of the super-abundant power of its Big Six engine, will perform easily, swiftly, smoothly, with no labor or effort, any and all tasks placed upon it.

3 Studebaker has produced in these new models, cars which will excel even the standard cars of the past, in low repair and maintenance costs.

Any motor expert will tell you that 5,000 miles at more than a mile a minute is equivalent in wear and stress to 25,000 miles of ordinary driving. Yet in this terrific test, the only replacements or repairs were three grease-cups, one spark-plug and one punctured tire. Only one pint of water was used.

NOW! Drive a Commander yourself. Know this great car through your own hands and feet. These shattered records merely dramatize the thrilling performance which Studebaker Commander owners everywhere are enjoying. They explain why the Studebaker Big Six is far outstripping the combined totals of all other cars in the world of equal or greater rated horsepower. The exact duplicate of this record-shattering car is waiting for you at Studebaker showrooms.

Was it a strictly stock car?

Before and immediately following the test, representatives of the American Automobile Association checked The Commander thoroughly and made affidavit that it was strictly a stock car in every respect. Studebaker factories are working to capacity building this identical model.

Was the car stripped?

No. It carried full equipment, including a spare tire. Practically all the records which were smashed by The Commander had been made by open racing models stripped to the limit.

What condition was the car in at the end of the 5,000 miles?

To demonstrate its condition, Hartz put it around the track several times at the rate of 70 miles per hour, immediately after the five thousand mile had been run. Its condition served to indicate that it might have continued indefinitely.

What is 5,000 miles?

It is substantially the distance from New York to Constantinople; the distance from Miami, Alaska to Mexico City; the distance from London to Bombay; India; the distance from California to Japan; the distance from the Panama Canal to Bordeaux, France.

How far is it from New York to Chicago?

960 miles by the New York Central Railroad.

How fast does the 20th Century Ltd. travel?

Its average speed is 48 miles per hour between New York and Chicago.

How many engines are used in driving the Century from New York to Chicago?

Four engines, each one costing \$41,500, are needed for the task. Despite the fact that these engines have fewer moving parts than a Studebaker car and are driven on steel rails by expert engineers, they are run less than 500 miles on any trip, then go to the roundhouse for service.

How do Commander prices compare with other cars of similar power?

No other car of equal or greater rated horsepower sells for less than double the price of The Commander. To match The Commander in power you must pay from \$4,000 to \$10,000.

Why are Commander prices so low?

Volume production on a One-Plant basis gives you a truly great automobile—enormous power and luxurious comfort at a moderate price. That is why the Studebaker Big Six sets the combined totals of all other cars in the world of equal or greater rated horsepower.

Crowe For Governor

Oldham County Man Flings Hat in Ring.

Elsewhere this paper presents the formal announcement of Hon. Robert T. Crowe for Governor of Kentucky, a matter doubtless of interest to all our readers.

"Bob" Crowe, as he is familiarly known by his neighbors, is just a plain country lawyer from LaGrange, Oldham county, who speaks his mind.

He is a man of unusual personal magnetism, great good humor, unusual courage, robust physique and an alert mentality that enables him to immediately arrive at the point of any argument.

Like Senator Barkley he can stand the gaff of a strenuous political campaign and make speeches that are even more convincing, more interesting, more enjoyed than those delivered by the present U. S. Senator, who is already famous.

From the fact that Mr. Crowe is unhampered by any former political alliances, or any past disappointments and political mistakes, it is generally conceded that he will be a contestant of tremendous popularity. His political record and long experience in public service in Kentucky will also be of great value to him in his campaign.

It is generally conceded that Mr. Crowe's progressive ideas regarding road construction in this state and his strong opinion regarding the reduction of taxes on agricultural lands are also meeting with much favor throughout the state.

OVER 100 FAMOUS ARTISTS WITH GENTRY BROS. SHOW

It's the red wagons that's the question of the hour in Whitesburg, at least for the small boys of six, as well as for those of sixty. The billboards, having and dead walls are announcing with all the fluency of pictorial art the coming of the Gentry Bros. shows. And already preparations are being made for the one big event of the year, acknowledged to be better than Christmas and the Fourth of July put together—circus day.

Early Saturday morning April 30, the rat of the two long trains of cars will be coming, slowly pulling into the railroad yards.

Much is promised by Gentry Bros. this season. The show has grown and prospered for almost half a century—to be exact, 46 years. European agents have sacked the Old World in a quest of novelties. The question of safety was not considered for the particular and hazardous act. There are over 100 artists who take part in the big show program. New acts and faces will tend, to eradicate the fallacy that all "shows" are alike.

Among the features will be the Flying Jordans, Maxwell Trio, gymnasts; the Florence family of riders; the DeLong Sisters, acrobats; Arthur Borella, the highest salaried clown in the world; Tommy and Betty Waters, dancers on a lofty wire; Ray Glum in a slide for life down a wire from the topmost point in the tent, and scores of other high class features.

An immense street parade will be seen on the downtown streets at noon on show day. There will be upwards of five bands of music and scores of allegorical tableaux. There will be two performances at 2 and 8 p. m. The doors opening an hour earlier. Merchants and others are preparing for one of the largest crowds in town on show day in years. —(Adv.)

WILD ARBUTUS

Wild arbutus memory brings Of childhood days in early spring. When I climbed the hillsides steep To gather wild flowers rare and sweet.

Brings sweet memories of youth, When life was love, joy, and truth; I, without a thought of care, Gathered wild arbutus there.

Memories of comrades young and gay, Comrades of happy girlhood days, Memories of hopes too bright to last, Slain like flowers by winter's blast.

Memories of old Virginia hills With tears my eyes are filled, Memories of a husband who long ago Roamed with me where arbutus grow.

Where we roamed is a lonely grave; There sad winds sigh and rose leaves wave. Arbutus bloom where he rests. I am alone, God deemed it best.

Arbutus, dearest flower that grows, The memories you bring none can know; Memories of youth, love, and trust, As I gather you from the hillside dust.

They sing of the rose and the lily fair, Of garden flowers rich and rare; No other flower can ever be What wild arbutus is to me.

For in its petals pure and white It holds sweet memories fair and bright, I dream of days long, long ago, As I walk where wild arbutus grow.

Comrades dear and bright hopes slain, Deep in my heart do yet remain, Cherished memories bright and sweet, As the wild arbutus round my feet.

HIRAM M. BROCK FOR STATE SENATOR

We are authorized to announce the candidacy of Hiram M. Brock, of Harlan, Ky., for re-election to the office of State Senator from the 33rd State Senatorial district of Kentucky, subject to the action of the Republican party at its primary August 6, 1927.

R. Monroe Fields Announces For Circuit Judge

Whitesburg, Ky., Mar. 9, '27. To the People of Letcher and Pike Counties:

I hereby announce myself a candidate for Circuit Judge of the 35th Judicial District, subject to the action of the Republican party in the primary election to be held in said district in the counties of Letcher and Pike on the 6th day of August.

Your support and influence respectfully solicited.

Sincerely yours, R. Monroe Fields.

Political Notice—The Unfortunate One Has Become a Beggar

To the Voters and the People of Letcher County:

I have lost seemingly everything I ever owned in this world, and that is my cause for calling your attention to my notice.

Most of the people know what my losses are, but in order to let everybody know, I will now try to tell you. Sometime in April 1926, my home and farm were sold from me and my family for my just debts, because I was trying to accommodate too many people while in the goods business.

Furthermore, on Saturday night, May 15, 1926, God and his angels called my wife to visit them, never to return to me and my eight motherless children—two of which are boys and six are girls. On July 20, God was still calling and took my

mother with him.

So, under the influence of a great many of my good friends, I have decided to ask and beg for nomination to the office of Circuit Court clerk, subject to the action of the Republican party in the August 6 primary.

I am 47 years old and have never held any kind of an office. I feel that I am well qualified to handle the Circuit Court Clerk's place in an honest and lawful way. My good friends, it is a great burden on me to enlist in this battle; but for the sake of my homeless and motherless little children, I will strive and beg for them till I die.

Friends, you can see from the above that I am unfortunate. Then, consider deeply my position and on August 6 vote for me in order to help my little ones who need a home and an opportunity to attend school. If I am elected, I promise you faithfully that my children will get the benefit of the salary I earn in office. Look up my record and find whether I am suitable for the office.

As many of my friends know, I am a member of the Old Regular Baptist church, and have been for some years.

I will close by begging for help. MARION FRAZIER.

Lee Hall Makes His Announcement For Circuit Clerk

Thornion, Ky., Mar. 18, 1927. To the Voters of Letcher Co.:

I hereby announce myself as candidate for Circuit Court Clerk of Letcher county, subject to the action of the Republican party in the primary election to be held August 6, 1927.

Select an old coal miner for your clerk. He is the man who will serve you in a way that will please everybody. I am now 35 years old and have been true to my county and also to my good old party. I have never before asked for an office, but I now ask to be given the clerk's place; then I will feel as if the voters have given me what is justly due me, as I have a wife and four little boys to work for. Now, good people of Letcher county, I nor any of my people, have never held office, and we have stood by the good old party. We think this is our time, so you will find me in this race to win.

Your O K Friend, LEE HALL.

ROBERT T. CROWE

A Democrat—For Governor

"When Speaker of the House of Representatives I gave the people a square deal."

Mr. Crowe's life story reads like a romance. When but a lad he was thrown entirely on his own resources. He was not afraid of work and must educate himself. At times he was a lumber jack in the Great North Woods, then on the picturesque and dangerous log drive, where only red-blooded men need apply. Then to school on the money saved. Twenty-nine years ago found him in Kentucky working on the railroad with a pick and shovel. He studied law and took the bar examination in LaGrange, Kentucky, in 1902. In less than five years he was elected County Attorney of Oldham County, carrying every precinct in the County. He then succeeded himself without opposition, and upon retiring from this office was elected Representative in the Legislature from the Oldham-Trimbale District, this time carrying every precinct in Trimbale County. Mr. Crowe holds the distinction of being the only man to carry every precinct in the two counties.

Upon entering the Legislature his rise was rapid. He was placed on the Rules Committee in his first term and was selected by the House to prosecute the impeachment trial of Judge Williams before the Senate sitting as a High Court of Impeachment.

The following term he was elected Speaker. In 1916 he was a delegate to the National Convention that nominated Woodrow Wilson and in 1920 was Presidential Elector.

This is a story of twenty-five years not often equalled in American history.

1902—LaGrange Laborer—Admitted to practice law. 1907—County Attorney of Oldham County. 1915—Representative in Kentucky Legislature. 1916—Selected by House to prosecute impeachment before Senate. 1916—Delegate to National Convention. 1916—Speaker of House of Representatives. 1920—Presidential Elector. 1927—Candidate for Governor.

Mr. Crowe married Miss Fannie Eastes of Henry County, a descendant of the well-known Guthrie family of Kentucky, and they have two children. The elder, a son, Guthrie, is a student in the Kentucky Military Institute. The younger, a daughter, Elizabeth, is a student in the Kentucky Home School for Girls in Louisville. Mr. Crowe's home life is ideal.

Mr. Crowe's home is in LaGrange, Kentucky, where he is a member of the law firm of Robert T. Crowe and J. C. Crowe. He is rated as one of the best lawyers in his section of the state.

Mr. Crowe is a member of the Methodist Church, the Masons, Modern Woodmen, and Red Men. He is a member of the Penderle Club, the Rotary Club, a charter member of the Woodrow Wilson Club, and an honorary member of the Mose Green Club and the Jackson Democratic Club.
